- ¾ Hydraulically Operated Rear Door

With its premium quality, exceptional performance and robust design, the Coyote is made with the contractor in mind. The **superior quality** of the Coyote not only makes this truck built to last, but also **easy to operate and maintain**.

MORE PAYLOAD

Each unit is engineered using our 3D modeling & weight distribution programs to optimize each customer's build - maximizing the legal payload capacity. Our goal is to efficiently use as much axle capacity as possible while keeping the design safe and productive, resulting in more time on the job and fewer overweight penalties.

BUILT FOR THE HARSHTEST CONDITIONS

TRUVAC units have been operating in some of the harshest environments for over 30 years under Westech Vac Systems. We've learned how to build equipment that will thrive in these conditions, offering a variety of different features such as heated compartments, heated valves, heated water lines, to meet all climate conditions.

POPULAR OPTIONS

- Many Lighting Options
- 20 GPM @ 3,000 PSI Water System
- 800,000 12 Volt Water Heater
- Polished Aluminum Water Tanks
- Polished Stainless Steel Cross Cabinet Doors
- Grease Manifold
- Wired Pendant for Boom Functions
- Many Toolbox Configurations Available
- Tire Chain Hanger

**WHEN IT COMES TO QUALITY ENGINEERING,
INNOVATION AND RELIABLE SERVICE, NO OTHER
VACUUM EXCAVATORS CAN MATCH TRUVAC.**

DIG STRONG.

DIG FAST.

DIG RIGHT.

DIG SMART.
