

HYDROVAC SUPPORT PUP™ TRAILER

Engineered for customers who need additional payload capacity, the TRUVAC® Hydrovac Support Pup is ideal for non-code hydrovac and liquidvac applications. This all-in-one unit has the ability to off-load any hydro excavator and is compatible with any hydrovac with hydraulic connections. The support pup also carries 1,500 gallons of water to replenish the water tanks on your hydrovac or liquidvac to keep your truck on the job longer, increasing productivity and legal hauling capacity.
